\*\*\* Welcome to AFSCA'S Web Site. This site was begun on Oct. 6, 1999, and is still slowly under construction. We plan to have many new Articles, Photos, and Reports of Contactee Experiences in the future.

\*\*\* Please tell your friends about Flying Saucers and help to pass the word that "We are not alone in the Universe."

**\* \* FLYING SAUCERS ARE REAL, and \* \***

**\* \* THEY ARE COMING OPENLY SOON!!! \* \***

\*\*\* AFSCA'S purpose is to inform the public about Flying Saucers (extraterrestrial space craft piloted by advanced beings from other planets and star systems), and of the benevolent Space People's plan to share their knowledge, culture and advanced science with the people of Earth, in order to resolve present world problems.

\*\*\* AFSCA is a major source of contactee-oriented Flying Saucer information, including photographs, contactee reports, over 7 hours of tape recorded messages from Space Beings, and more than 300 titles on our Flying Saucer-New Age Book List.

\*\*\* AFSCA also distributes two computer diskettes (floppies) containing 300 screens of information from the United Worlds Alliance, which is a galactic organization with over 740,000 member planets, and has agents now on Earth to help us into a more positive transition into the wondrous space-oriented world of tomorrow.

\*\*\* Their main goals are to help us to achieve true World Peace, and a Greater Measure of Freedom, Happiness and Abundance for all Mankind.

**FLYING SAUCERS AND E.T.'S IN THE MILLENNIUM**

\*\*\* For the first 40 years of the Flying Saucer Movement, most members of the scientific community did not become publicly active in Flying Saucer Research for various reasons. Some felt, like many others,

that it was all a lot of nonsense and that Earth is the only inhabited planet in the Universe. Others egotistically felt that they were so intelligent that if the extraterrestrials were going to contact anyone here, it would be them.

\*\*\* Fortunately, mankind has come a long way since the early 1950s, when very few scientists were willing to risk ridicule from their peers or being fired from their jobs by talking openly about UFO's.

\*\*\* In the 50's, many people would ridicule or become offended by those who would mention Flying Saucers in a serious light. But almost everyone has learned a lot since then. Nowadays, little kids, who used to play cowboys and indians, prefer to be Spacemen and watch "StarTrek." (Beam me up, Scotty!)

\*\*\* Over the past couple of decades, people's attitudes have changed considerably:

\*\*\* 1. Some of the scientists and disbelievers who, 30-40 years ago, called contactees, fakes, phoney's and liars have gradually been exposed to so much information by the early 1990s, that they are starting to talk openly about their own UFO research, sightings and space contacts, even in the light of long-standing threats by the government. And some are even saying publicly that contactee experiences should be studied and taken seriously.

\*\*\* 2. While UFOs are still made the butt of jokes by comedians such as Jay Leno trying to get laughs, there are many that are not laughing anymore. Why? Because now, millions of people have personally seen UFO's and 1000's more have been contacted by E.T.s in person. Many of these have shared their experiences with the world for over four decades on Radio and TV shows, at Flying Saucer and New Age Conventions, and in thousands of UFO books, magazines and newsletters.

\*\*\* 3. Now, in spite of the governments official policy of debunking all UFO reports, there are many factions in government(some like Phillip J. Corso, author of "The Day After Roswell"), who have been in high positions WHO KNOW THE TRUTH! These ones feel that the people have a right to know what the government has been suppressing for so long.

\*\*\* Now, they are speaking out publicly and writing books to reveal the FACTS, that still seem fantastic and unbelievable to many. But, no amount of evidence to the contrary so far has convinced the diehard skeptics, because the people have been brainwashed for so long.

\*\*\* However, now that we are so close to the beginning of the Millennium and consciousness is being raised so rapidly, mankind has three important choices.

\*\*\* 1. We can continue to ignore or scoff at all the prophetic signs of the times which are warning us that major changes are occurring all over the world that are a threat to mankind, and to the Earth's survival.

\*\*\* 2. Or, we can learn all about what is REALLY happening that governments are hiding from us, then make a concerted effort to pass what we know on to others. Knowledge is Power and it should be used to benefit the people!

\*\*\* 3. As we prepare to enter the new Millennium and establish open contact with our benevolent Space Brothers, WATCH for the signs that will help you to make the right choices, and pray to receive the Cosmic guidance to help manifest God's Divine Plan and the long prophesied wonderful world of tomorrow!

Sincerely,

Gabriel Green, President  
Amalgamated Flying Saucer Clubs of America

**\*\*BIOGRAPHICAL SKETCH OF GABRIEL GREEN \*\***

**\*\*\* Gabriel Green of Yucca Valley, California , is the Founder-President of the Amalgamated Flying Saucer Clubs of America, Inc., a non-profit organization dedicated to the physical, spiritual and economic emancipation of man.**

**\*\*\* He is the author of "Let's Face The Facts About Flying Saucers" and editor of AFSCA's official journal, "Flying Saucers International," which publishes contactee experiences and news of the Flying Saucer Movement.**

**\*\*\* Mr. Green was born on Armistice Day at 11:25PM, Nov. 11, 1924 in Whittier, California, and was a professional photographer before devoting his life to helping to manifest the Space People's Plan on Earth. In 1956 he formed the Los Angeles Interplanetary Study Groups, which evolved in 1959 into AFSCA. He has had over 100 sightings of Flying Saucers, as well as being contacted several times in person by people from other advanced planets.**

**\*\*\* In 1960, asked by the Space People to run for political office in an effort to plant the seeds of needed reforms on our world, he became an independent candidate for President of the United States, but withdrew to support President Kennedy. He ran for the U.S. Senate from California in 1962 and received over 171,000 votes in the Democratic Primary Election, campaigning against nuclear testing. And in 1972, he was the presidential candidate of the Universal Party.**

**\*\*\* Being interested from an early age in the problems of mankind, he is the principal exponent of Universal Economics (the non-money system of economics used on other advanced planets which enable their people to enjoy such abundance) and the United World, a theocratic world government based upon universal laws and spiritual principles.**

**\*\*\* He regards the modern-day advent of extraterrestrial visitations to Earth as the most important event in our history --- one that offers unlimited benefit to all mankind from application of the advanced knowledge of the Space People, if we will but accept their friendly offers of help to our world.**

**\*\*\*\*\*WHAT IS THE TRUE AMERICA WAY? \*\*\*\*\***

**\*\*\* Because of the withholding of truth from our people, and the abuses of power or error in judgement by various leaders in government, and the confusing signals that are given to our young people by the sometimes unethical and anti-social actions of our leaders, perhaps a re-definition of what the True American Way SHOULD be, would be in order.**

**\*\*\* 27 PRINCIPLES OF THE TRUE AMERICAN WAY?**

- 1. It is Free Enterprise and Fair Trade.**
- 2. It is a fair profit for one's labors and investments.**

#### **KLAATU'S FAREWELL MESSAGE TO THE PEOPLE OF EARTH**

[NOTE: From the inspired 1951 science fiction classic "The Day the Earth Stood Still." Directed by Robert Wise. Starring Michael Rennie (as Klaatu), Patricia Neal, Hugh Marlowe, Sam Jaffe,

**Billy Gray and Gort, the robot.]**

**\*\*\* "I am leaving soon, and you will forgive me if I speak bluntly. There must be security for all, or no one is secure.**

**\*\*\* Now this does not mean giving up any freedom, except the freedom to act irresponsibly. Your ancestors knew this when they made laws to govern themselves, and hired policemen to enforce them. We of the other planets have long accepted this principle. We have an organization for the mutual protection of all planets, and for the complete elimination of aggression. The test of any such higher authority, is of course the police force that supports it.**

**\*\*\* For our policemen, we created a race of robots. Their function is to patrol the planets in spaceships like this one, and preserve the peace. In matters of aggression, we have given them absolute power over us. This power cannot be revoked. At the first sign of violence they act automatically against the aggressor. The penalty for provoking their action is too terrible to risk. The result is, we live in peace, without arms or armies, secure in the knowledge that we are free from aggression and war, free to pursue more profitable enterprises.**

**\*\*\* Now we do not pretend to have achieved perfection, but we DO have a system, and it works. I came here to give you these facts. It is no concern of ours how you run your own planet. But if you threaten to extend your violence, this Earth of yours will be reduced to a burned out cinder. Your choice is simple: Join us and live in peace, or pursue your present course and face obliteration. We shall be waiting for your answer. The decision rests with you."**
